### SCREEN IT VS. GRIND IT

	<a href="#">XL3@250 yards</a>	<a href="#">GRINDER@250 yards</a>	
Fuel:	\$6.00	\$120.00	
Wear Parts:	\$15.00	\$30.00	
Material Handling:	\$0.00	\$125.00	
Maintenance:	\$0.75	\$3.75	
Sub-Total:	\$21.75	\$278.75	Per Hour
	\$0.09	\$1.12	Per Yard
Savings @ 300,000 yards/year =	<b>\$308,400</b>		

\*\*\*Up to 30% savings on colorant

\*\*\*Up to 30% savings on trucking

## **STAR SCREENS ADVANTAGES**

### **COMPOST**

1. Screen virtually all year. Material is ready to ship when the market opens.
2. Cleaning fingers offer lowest operating cost in the industry and high production.

### **MULCH**

1. Screen from primary grind. Ready mulch (double or triple grind quality).
2. Remove dirt and re-grind only 30% of current process.
